Dear Tom

**Re: Windmill Hill Business Park, Swindon**

I refer to the Tree Protection Plan which your Company have prepared for West & Partners and on which our planning people have asked me to make to make comment. Having read through the plan I simply just had to write to you and express my personal thanks for an excellent document. I would go further and say it is without a doubt the best I have received in all my years spent in the business. It gives me renewed hope that there are people out there who are professional enough to make a stand for tree protection on development sites.

You will I am sure have copyright on the document but would you be prepared to allow us to use the document in whole or in part, according to your wishes, as an example of good practice when asking for tree protection measures, you may be sure that we would acknowledge your Company as the copyright holders.

Yours sincerely

John E Hammond
